Background: For the third year, the **Narrow River Preservation Association (NRPA)** and **Narrow River Land Trust (NRLT)** in conjunction with the **Town of Narragansett Park and Recreation Department** is running a series of monthly educational programs and family activities at the Town property at Middlebridge in summer 2015. NRPA and NRLT share common interests to preserve, protect, and restore the environment and the quality of life for all communities within the Narrow River Estuary and its watershed. The Middlebridge property is central in the watershed, has easy access to shallow water, and has panoramic views so it serves well as an educational and activities center and a starting point for events that increase awareness of the fascinating cultural and natural history of Narrow River.
